

Introducing Eco-Wraps™

A Revolutionary Eco-Friendly Alternative to Foil

- Degradation of Tapioca Ecoplas meets EPA-LMOP landfill standards, where they convert trash into energy
- Fair for Life certification provides benefits to underdeveloped countries
- U.S. and International Patents Pending
- "Pop-up" dispenser package delivers one highlighting strip at a time
- Pre-folded edge and one-fold placement saves time during application
- Non-slip properties make them easy to work with
- 200 (4" x 11") strips per package
- Package includes a re-order reminder

Made from a sustainable, renewable tapioca base, that is non-toxic and degrades in landfills

Both the strips and the package are degradable!

Strips turn see-through
upon contact with haircolor
to easily monitor processing

Salon Cost \$9.99

Item #EW-200
